### Notices

#### *Alberta Achievement Awards*

Alberta Culture is accepting nominations for the 1979 Alberta Achievements Awards Programs. The program gives recognition to Albertans who have displayed exceptional levels of achievement in the arts, humanities, sciences, and sports. The three categories include: Performance Awards, Service Awards, and Excellence Awards.

Nominations close 3 September 1979. For information and nomination forms contact: Alberta Culture, Achievements Awards Program, Floor 14, CN Tower, Edmonton, Alberta, T5J 0K5; 427-8088.

#### *HaSSL Periodicals*

*The following notice has been received from Bruce Peel, Librarian to the University.*

The Humanities and Social Sciences Collection is rapidly outgrowing the stack space in Rutherford North Library. Since Phase II of this building is not anticipated for some time, it has become necessary to house part of the collection in Rutherford South, which will become a centre for periodicals. The hub of library activity in this building will be the Second Floor where two circulation desks have been installed. The current periodicals have been moved to the main reading room on the Second Floor. All HaSSL

bound periodicals will be housed in the upper stack tiers and circulated from the same floor. Shelving bound periodicals together is an arrangement which is found in some research libraries and which has certain advantages to users, and particularly when bound volumes are in close proximity to current periodicals.

Library users will find that the main reading room has been repainted, and attractively set up. This major move of volumes will eliminate the necessity of the removal of any more material from Rutherford North for about four years. Although the precise timing depends on building alterations and associated moves of the University Archives and the Faculty of Library Science, it is planned that the move will be completed and the material accessible by the beginning of the new university term. Further progress reports will be issued over the summer.

#### *Laboratory Manuals*

*The following notice has been received from J.R.T. Grant, Director, Printing Services.*

Each year at this time we take this opportunity to remind you and your staff, about the necessity of early submission of Lab Manual material. In the past, your cooperation has helped us greatly by keeping overtime to a minimum and ensuring delivery in time for classes.

Your assistance in this matter is again urgently requested.
